Come on; we have more fun waiting ahead!!

Make your own bobble!

What you will need

- 2 card board circles
- 1 roll of wool
- 1 pair of child friendly scissors

Step 1

Take the wool and wind it around till its thick with wool.

Tip: Don't wrap it too tight because it might make it harder to cut.

Step 2

Cut the string off the rest of the wool and put the rest of the wool aside.

Step 3

Put the scissors in between the 2 pieces of card at the end, then cut along the wool.

Tip: Hold all the wool in middle of the small hole and don't let go.

Step 4

Take some more of the wool and wrap it in between the two pieces of card and tie in a knot.

Tip: Do 2 or 3 knots to make it more secured.

Step 5

Remove the card from both sides of the bobble.

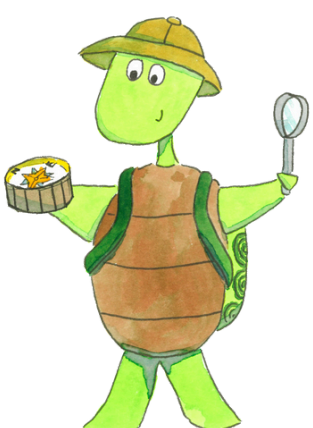

Step 6

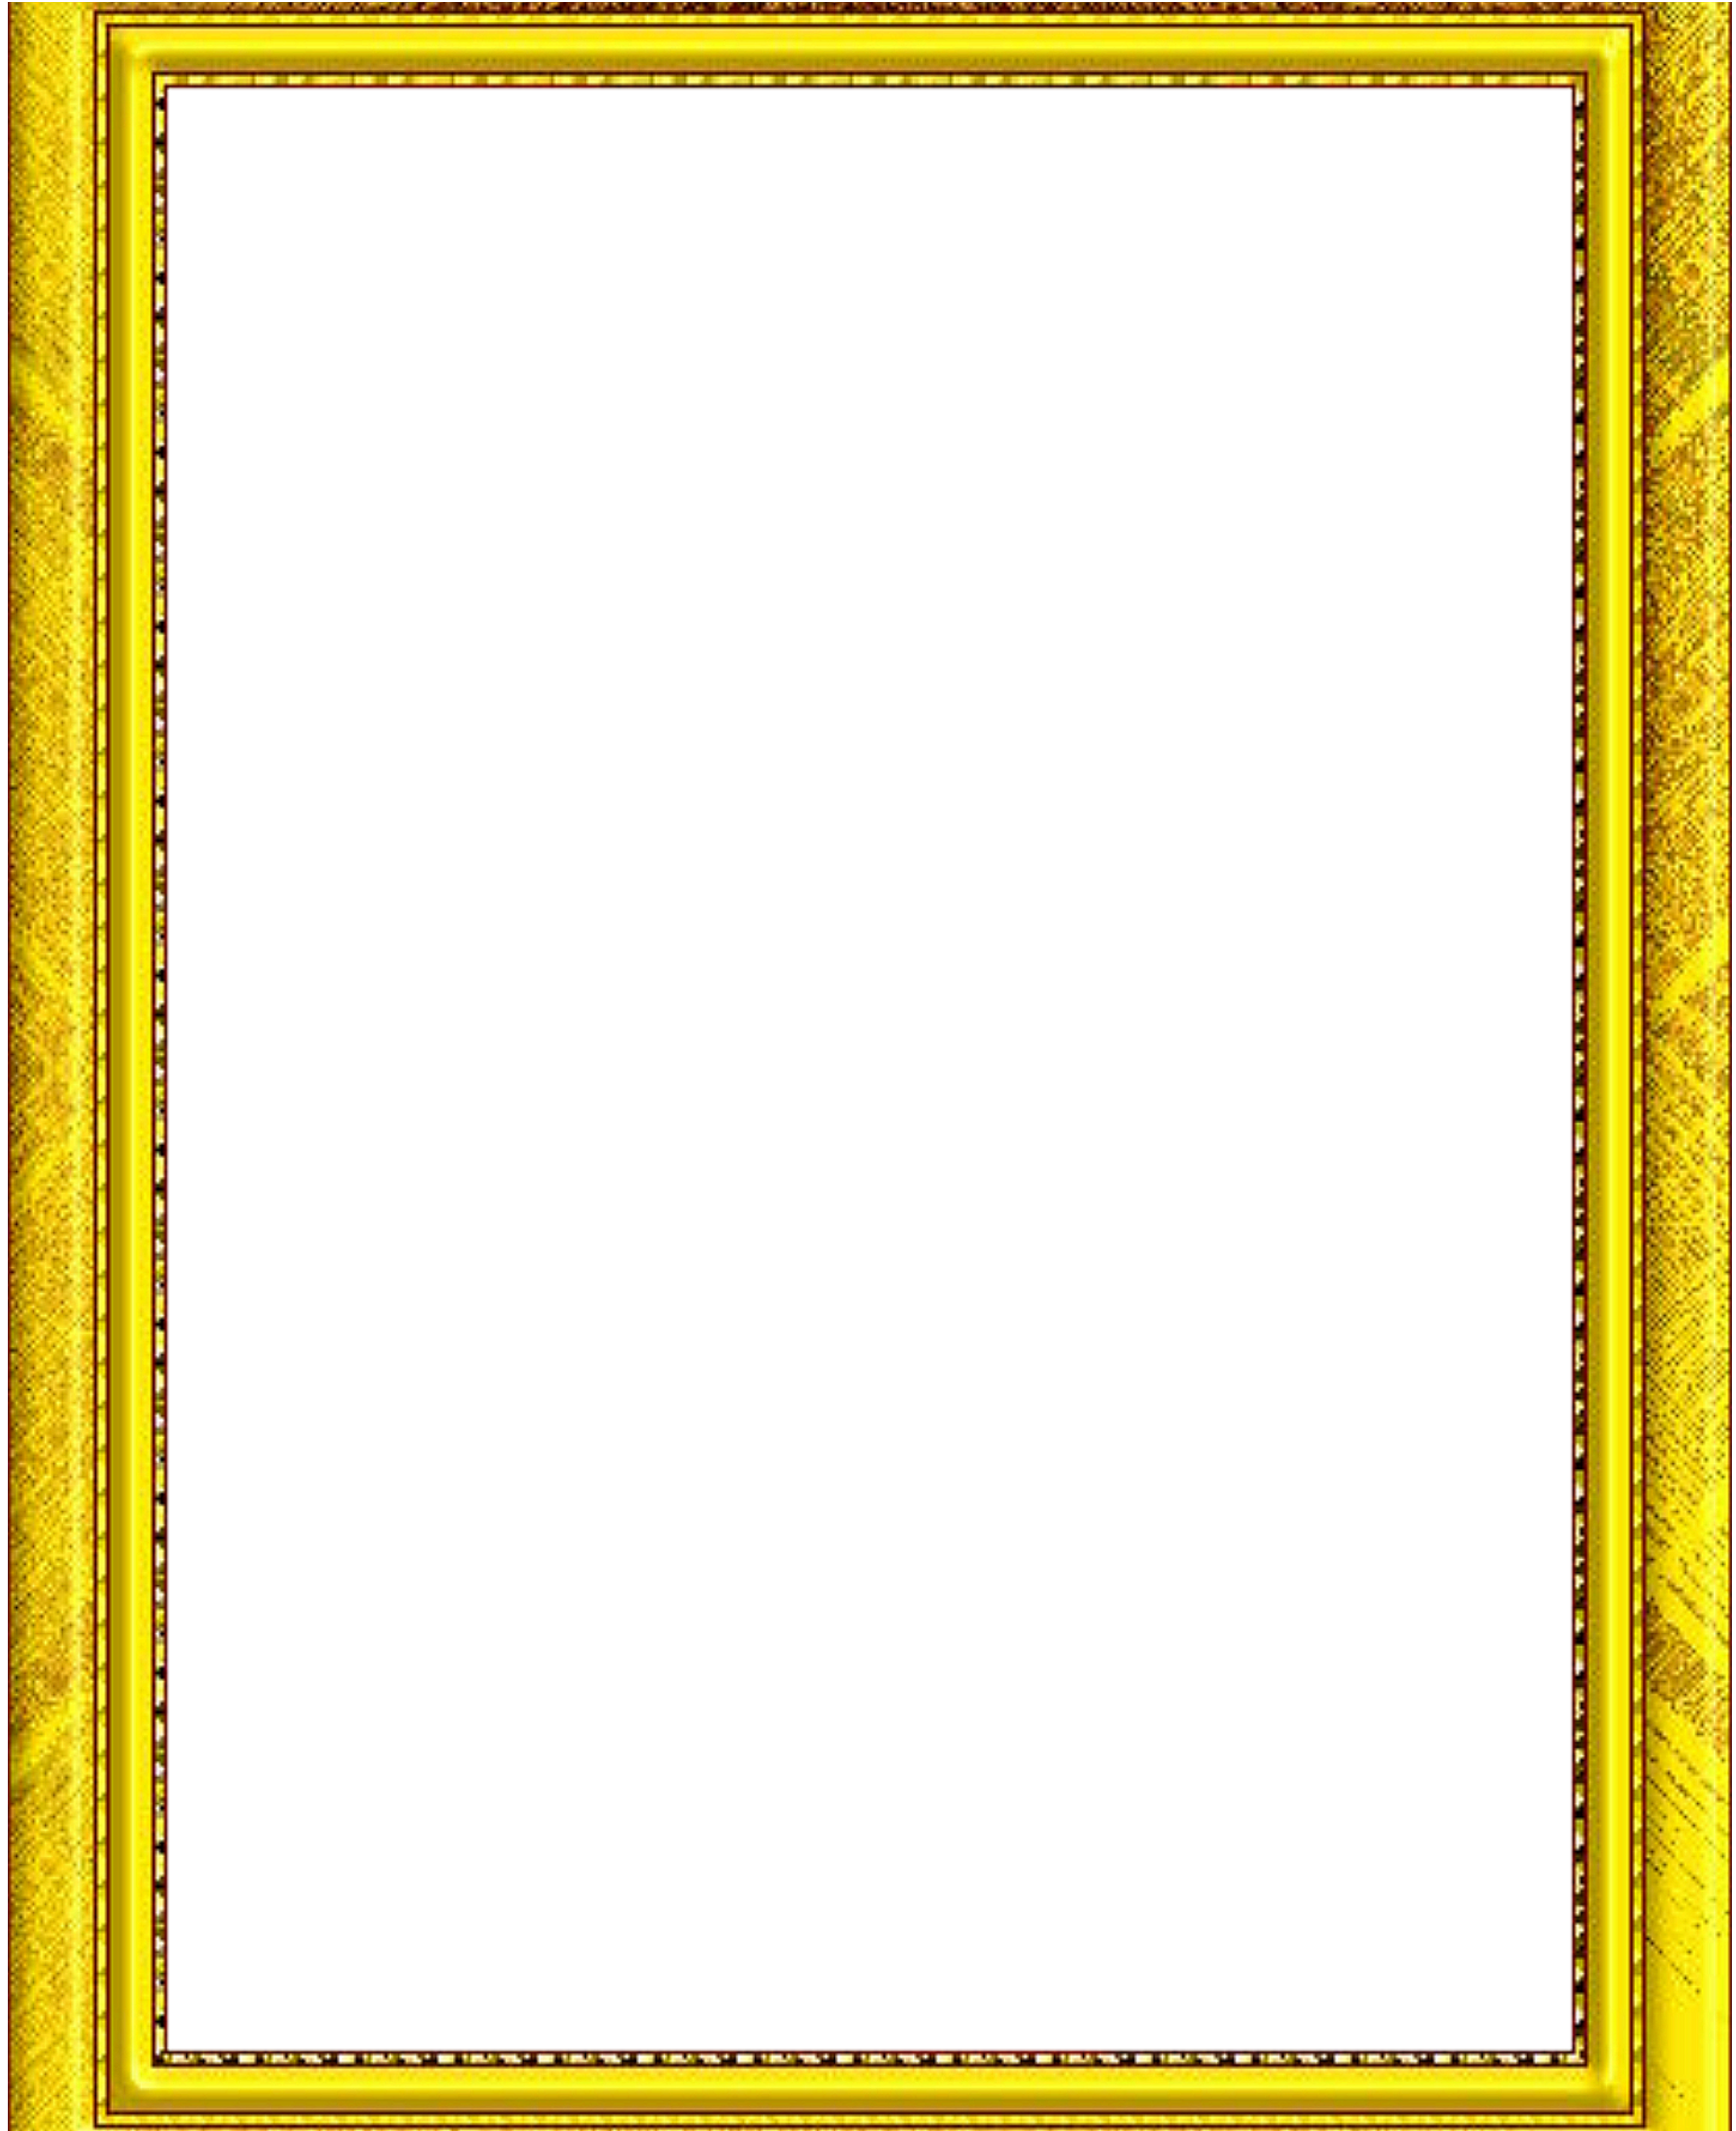

Cut both bits of string off and tidy it up by cutting any bits that are too long.

All done!!

Wow look at your amazing bobble, well done!

What was your favourite song
from the show? Can you draw it
inside the picture frame?

Owlbert and Norris hope to see you again
soon!
